MEMORANDUM FOR:

AFICO-S  
Headquarters USAF

SUBJECT:

Retention of IDEALIST Drivers

REFERENCE:

Memorandum from AFICO-S, Headquarters USAF to Colonel Ledford; dated 10 October 1963; Subject: Review of Status of Project Officers [ ] (16318-63)

25X1A

1. I concur with your memorandum that it is now appropriate to obtain individual preferences of the IDEALIST drivers to ascertain their interest of reinstatement into the Air Force as regular officers. It is felt that this really is the heart of the matter since, if they prefer to remain in reserve status, the question of AC&SC training becomes moot.

25X1A

2. As a result of recent findings which have been obtained through your good offices from [ ] in the case of [ ] I am certain that the project drivers now very clearly understand their eligibility for selection to an AC&SC and its relation to their own career progression.

25X1A

3. We are now going out with our feelers for a contract extension through 31 December 1965. In obtaining this, we shall most assuredly draw attention to the subject using [ ] as a current example and will immediately report our findings and recommendation to you.
